## **Alumni Association**

The Charter Oak State College Alumni Association was established in June 1983 and is comprised of volunteer leadership. Any person who has received a degree or certificate from the College is an Alum, and encouraged to participate.

The Alumni Association Board of Directors is committed to building relationships and empowering the pursuit of education and career satisfaction. Together, they work to support Charter Oak State College's educational and service goals; and provide professional and social opportunities for members and alumni in general.

All graduates are encouraged to officially join the Alumni Association. To learn more about membership, please visit the alumni webpage.
