

Scholarships and Endowed Funds

A list of scholarships and grants are posted on the Charter Oak State College Foundation's [website](#) and in the MyCharterOak Student Portal. Because the timing and availability of funds varies, information and applications are updated through these channels regularly.

Endowed Scholarships were established by the generous support of family, friends, and fans of the College.

Special Note Regarding Outside Scholarships

Students may receive scholarships, tuition and fee benefits, and other types of financial aid from organizations outside of the College. It is the student's responsibility to notify the College if they receive additional financial assistance so that the proper documentation can be filed by the College.
