

Celebrating 25 Years!

Women in Transition (WIT)

THE POWER OF EDUCATION
THE RADIANCE OF RESILIENCE

You are invited to celebrate WIT's 25th Anniversary!

More than 25 years ago, a spark of generosity ignited the Women in Transition (WIT) Degree Completion Program at Charter Oak State College. Inspired by Dr. Merle Harris's recognition of the unique barriers faced by working single mothers and supported by visionary donors and community partners, the WIT program grew into a powerful legacy of radiance, resilience, and transformation.

We honor the women who persevered through education and extraordinary resilience, and we will celebrate the benefactors whose belief and generosity created opportunities that continue to change lives.

Through an unwavering commitment to educational access and equity, more than 330 women have earned their college degrees through WIT, strengthening their families, workplaces, and communities for generations to come.
