“Charter Oak just makes sense for busy adults to earn a needed degree. Charter Oak customizes programs to the customer ... the active adult who wants to complete a degree in a no-nonsense way.”

“Best option to incorporate credits from another school and avoid redundant classes and additional expense.”

“Charter Oak was a perfectly sized institution; not so small that course offerings were limited, and not so big that you couldn't talk to a real human being when you called ... it is 'right sized,' allowing professors, counselors, and staff to know their students and help them through challenging circumstances. It's the niche Charter Oak holds over other institutions.”

“I received my BS in 2006. One of the best experiences of my life. I published my first book a couple of years ago ... College gave me the confidence ... Thank you.”

“Love Charter Oak! I will be graduating and couldn't have done it without them and my great Advisor! They accepted my credits, helped me to apply credits for previous learning, and I incorporated CLEP and Dantes testing. Low costs, high value!”

“One of the BEST colleges in Connecticut! Thank you for helping me to achieve my dreams. I will recommend Charter Oak State College to other students.”
